- HTML
- CSS
- Bootstrap 5
- jQuery(Beginner)
- JavaScript(Beginner)
- React Js (Fresher)
- Responsive Web Design
- Animated Web Design
- Email Template Design
- MS-Word, MS-Excel

## PROFESSIONAL EXPERIENCES

### HTML Developer

ESolz Technologies Pvt. Ltd.( August 2023 - July 2025)

- Developed and maintained multiple responsive and user-friendly websites using HTML, CSS, Bootstrap and other front-end technologies.
- Created and managed HTML email templates for marketing campaigns.
- Implemented interactive and animated design elements to enhance user experience and engagement.
- Identified and resolved HTML issues to ensure accurate rendering and smooth functionality across different browsers and devices.

## KEY PROJECTS

Worked on multiple client-based live projects at ESolz Technologies Pvt. Ltd. (Aug 2023 - Present), including the following **high-impact** ones.

- **Empower-X** (*React-based Website*)
  - Collaborated with React developers to implement responsive UI using HTML, CSS, and Bootstrap.
- **Shipsi** (*Logistics Company Website*)
  - Built an interactive front-end for a logistics site.
- **Lactimil** (*Animated Product Landing Page*)
  - Designed and developed a visually appealing, animated landing page using HTML, CSS animations, and Bootstrap.
- **Cha Ching Cash** (*Reward-based Web Platform*)
  - Developed the front-end of a reward-based platform using HTML, CSS, and Bootstrap.
- **Jam Vino** (*E-Commerce Wine Store*)
  - Developed front-end sections for an e-commerce wine store.

## REACT PRACTICE PROJECTS

These projects were built as part of my React learning journey. They helped me understand how to build interactive, user-friendly interfaces using real-world examples.

- **Datta's Store** (*React e-commerce Practice Project*)
  - A mini React product site with product listing and filtering.  
Live-Link: <https://dattastore.netlify.app/>
- **Explore Globe** (*React Travel Info Site*)
  - A travel info site built with React for destination browsing.  
Live-Link: <https://exploreglobe.netlify.app/>
